## **H<sub>2</sub>O Innovation: Utility Partners Won a New Project and Renewed an Existing Contract, totalling \$10.1 M**

**Quebec City, July 25, 2018** – (TSXV: HEO) – H<sub>2</sub>O Innovation Inc. (“H<sub>2</sub>O Innovation” or the “Corporation”) is proud to announce that Utility Partners, LLC (“UP”), its business line providing operation and maintenance services (“O&M”) in the United States, recently won a new O&M project and renewed an expiring contract. These contracts, valued at \$10.1 M, bring the Corporation’s O&M business backlog to \$71.3 M.

Utility Partners has won a new municipal contract in the State of Vermont, for a three-year period. This project will consist in the operation and maintenance of a wastewater treatment system of 0.3 MGD capacity (1,136 m<sup>3</sup>/day).

UP has also renewed an expiring contract, in the State of Georgia, for an additional four-year period. The Utility Partners’ team will maintain the 5 MGD (18,927 m<sup>3</sup>/day) water treatment plant as well as the 4 MGD (15,142 m<sup>3</sup>/day) wastewater treatment system. The contract also includes the operation and maintenance of the collection and distribution system. “We are proud to be the City’s partner and we have enjoyed a true partnership with them since 1997. This lengthy relationship shows the trust and collaborative success we’ve achieved on both sides”, **added Bill Douglass, Vice-President of the Operation & Maintenance division of H<sub>2</sub>O Innovation and Managing Director of Utility Partners.**

### **About H<sub>2</sub>O Innovation**

H<sub>2</sub>O Innovation designs and provides state-of-the-art, custom-built and integrated water treatment solutions based on membrane filtration technology for municipal, industrial, energy and natural resources end-users. The Corporation’s activities rely on three pillars which are i) water and wastewater projects; ii) specialty products and services, including a complete line of specialty chemicals, consumables, specialized products for the water treatment industry as well as control and monitoring systems; and iii) operation and maintenance services for water and wastewater treatment systems.
