

h₂O MONITORING

PRODUCT CATALOG | H₂O MONITORING

Starter Kit

Product No.	Description
SMART-KIT 8	8" tablet with programming + 110V long range gateway
SMART-GATEWAY	H2O intelligent gateway, 110V

RTD Temperature Sensor

Product No.	Description
SMART-RTD4	RTD temperature sensor including a 6.5 ft, 4 strand electrical wire and temperature probe
SMART-RTD4-COVER	Protected probe option for temperature sensor compatible with the field sensor support "SPH-SMART-TEN"

Tensiometer

Product No.	Description
SMART-TEN	Sensor for tensiometer with transducer, 6.5 ft wire
IETT206SF	6" Tensiometer (0-100cBar) with replaceable ceramic tip
IETT212SF	12" Tensiometer (0-100cBar) with replaceable ceramic tip
IETT218SF	18" Tensiometer (0-100cBar) with replaceable ceramic tip
IETT506LT	6" Tensiometer low tension (0-40cBar) with replaceable ceramic tip
IETT512LT	12" Tensiometer low tension (0-40cBar) with replaceable ceramic tip
IETT518LT	18" Tensiometer low tension (0-40cBar) with replaceable ceramic tip
IETT1001	Starter kit for tensiometer R/SF/LT with a suction cup pump and a container of concentrated solution

SMART-TEN

IETT206SF

Piezometer Water Level Sensor

Product No.	Description
ERAPRMAP-PIEZ	Water level sensor of piezometer type including probe and a 10 meter electrical wire

Ultrasonic Water Level Sensor

Product No.	Description
SMART-LVL	Ultrasonic water level sensor

Repeater

Product No.	Description
SMART-REP	Signal repeater. Used to cross large distances. It serves as a communication bridge between two other sensors when they can't connect together.

Digital Inputs Sensor

Product No.	Description
SMART-NUM	Monitoring of digital state (float switch, contactor...). 4 digital inputs

Pressure Sensor

Product No.	Description
ERAPRMAP-PRES	Pressure sensor for liquid 0-300 psi.
ERAPRMAP-PRES-1000	Pressure sensor for liquid 0-1000 psi.

4-20 mA Sensor

Product No.	Description
PRGEN-CK-420T	Sensor with 4-20ma output

Field sensor support

Product No.	Description
SPH-SMART-TEN	Stainless steel field sensor support for H2O Monitoring sensor

ERAPRMAP-REL

WAG788312

ERAPRMAP-22MM15

Remote Control

Product No.	Description
ERAPRMAP-REL	The remote control sensor is a multifunction device allowing to control remotely 2 different electrical devices
WAG788312	24V Relay for Remote control sensor. Necessary to control a device (to plug into the magnetic contactor)
ERAPRMAP-22MM15	15 feet extension wire with 2 connectors. Connection between the Remote control sensor and the 24V Relay
ERAPRMAP-C	Ampmeter compatible with the Remote control sensor allowing to know a device's amperage
ERAPRMAP-F	Float compatible with Remote Control sensor

ASMGEN-BATTERY-D

Battery

Product No.	Description
ASMGEN-BATTERY-D	Industrial D type battery - 3 per sensor

Programming

Product No.	Description
-	Programming block allowing automation of some operations

Geolocation

Product No.	Description
-	Fields geolocation on satellite map

201, 1^{re} Avenue, Ham-Nord, QC G0P 1A0, CANADA
